

- NIH, National Institute on Child Health and Human Development, R01 Grant (#1 R01 HD075800-01) 2014
Cognitive Load in the Bilingual Brain: Insights from Decoupled Reading
 Role: Principal Investigator, Louisiana State University Consortium
 Principal Investigator: Stephen D. Goldinger (ASU)
 Total costs: \$2,505,370
 LSU Consortium budget: \$524,284
 Project Period: January 2014 – December 2018
 Status: **Awarded, in progress.**
- NIH, National Institute of Aging, R21 Grant 2014
Cognitive Aging and Monitoring Autobiographical Memory
 Role: Principal Investigator
 Total costs: \$366,464
 Status: **Unfunded**
- U.S. Department of Homeland Security, Transportation Safety Administration 2014
The Low-Prevalence Effect in Face-to-Photo Matching
 Role: Principal Investigator
 Co-Investigator: Dr. Stephen D. Goldinger (ASU)
 Total costs: \$1,013,944
 Status: **Unfunded**
- LSU, Board of Regents, Traditional Enhancement 2014
Psychology Department EEG Neuroscience Lab
 Role: Co-investigator
 Principal Investigator: Dr. Sean Lane (LSU)
 Total costs: \$102,000 (approx.)
 Status: **Funded**
- LSU, Office of Research and Economic Development, Faculty Research Grant 2014
Peering deep: Investigating the intersection between the neurological and psychological to understand human behavior.
 Role: Co-Investigator
 Principal Investigator: Dr. Andrew Schwartz (LSU, Business)
 Total costs: \$60,000
 Status: **Unfunded**
- Louisiana State University, Summer Stipend Program 2013
Psychophysiological Reflexes as a Pure Index of Memory Strength
 Total costs: \$5000
 Status: **Awarded, completed.**

NIH, National Institute of Aging, R01 Grant <i>Testing Heuristic Effects in Aging Memory: Pupillary Reflexes in Face Encoding</i> Role: Principal Investigator, Louisiana State University Consortium Principal Investigator: Dr. Stephen D. Goldinger (ASU) LSU Consortium budget: \$387,340 Status: Unfunded	2013
DARPA, Basic Neuroscience <i>Psychophysiological Markers of Overt and Covert Target Detection</i> Role: Principal Investigator Co-Investigators: Drs. Melissa R. Beck (LSU) and Stephen D. Goldinger (ASU) Total costs: \$1,175,005 Status: Unfunded	2012
NIH, National Institute of Neurological Disorders and Stroke, NRSA F32 <i>Memory Strength in the Human Hippocampus</i> Co-Sponsors: Drs. John Wixted and Larry Squire, UC San Diego Status: Scored, unfunded.	2011
Arizona State University, Graduate College <i>Dissertation Completion Fellowship</i> Status: Funded (\$17,000 + tuition)	2011
NIH, National Institute of Aging, NRSA F31 <i>Understanding Source Memory through Eye Movements and Pupil Dilation</i> Sponsor: Dr. Stephen Goldinger Status: Scored, unfunded.	2010

AWARDS

Rising Star, Association for Psychological Science	2016
Emerging Scholar Rainmaker Award, Louisiana State University	2015
Tiger Athletic Foundation Undergraduate Teaching Award	2014
Robert B. Cialdini Dissertation Prize in Psychology, Arizona State University	2011

MANUSCRIPTS IN PREPARATION (ALL DATA COLLECTED)

Hicks, J.L., Spitler, S., & **Papesh, M. H.** (prepared) Response dynamics of event-based prospective memory retrieval.

Papesh, M. H. & Brewer, G. (in preparation). Matching faces to photographs is independent of working memory.

*Heisick, L. L. & **Papesh, M. H.** (in preparation). The role of global/local processing biases in unfamiliar face-matching.

Papesh, M. H., Goldinger, S. D., Suk, H. W., & *Heisick, L. L. (in preparation). Recollection is fast and automatic: Evidence from eye movements and pupillometry.

Papesh, M. H. (in preparation). Only spontaneous eye movements ‘to nothing’ facilitate memory.

Papesh, M. H. & *Heisick, L.L. (in preparation). I’d forget that face anywhere: Short- and long-term memory for unfamiliar faces.

*Guevara Pinto, J. D. & **Papesh, M. H.** (in preparation). Fluency and false memory.

*Moen, K. C., *Guevara-Pinto, J. D., **Papesh, M. H.**, & Beck, M. R. (in preparation). Directed forgetting in visual working memory: Detoured, not lost.

*Heisick, L. L., *Guevara Pinto, J. D. & **Papesh, M. H.** (in preparation). The effects of implicit and explicit social motivation in unfamiliar perception: Evidence from face matching and recognition.

INVITED TALKS

Papesh, M. H. (2017). Identity verification: Best practices in unfamiliar face identification. *Invited talk presented at the Annual Education Conference of the Organization of Notaries Public, in Bangor, ME (April, 2017).*

Papesh, M. H. (2016). Single-cell studies of human episodic and semantic memory. *Invited talk presented at Tulane University (October, 2016).*

Papesh, M. H. (2016). Preventing fraud through identity verification. *Invited workshops delivered at the National Notary Association Conference in Orange County, CA (June, 2016).*

Papesh, M.H. (2015). The challenges of unfamiliar face matching. *Invited talk presented at National Notary Association Conference in Orlando, FL (June, 2015).*

Papesh, M.H. (2014). The low-prevalence effect in photo-ID verification. *Invited talk presented at Kwansei Gakuin University (September, 2014).*

Papesh, M. H. (2010). Memory revealed through physiology: The appeal of pupillometry to cognitive psychology. *Presentation given at the University of Pittsburgh (April, 2010).*

INTERNATIONAL PRESENTATIONS

Papesh, M. H. (2016). The science behind identity verification. *Keynote address delivered at the Annual Meeting of BC Notaries in Whistler, BC (April, 2016).*

Papesh, M. H. & Goldinger, S. D. (2014). Pupil dilation reveals cognitive effort, and cognitive effortlessness. *Paper presented at the 17th World Congress of Psychophysiology Meeting in Hiroshima, Japan (September, 2014).*

Papesh, M. H. & Goldinger, S. D. (2011). The own-race bias is revealed by eye movements across converging memory procedures. *Paper presented at the 16th European Conference on Eye Movements in Marseille, France (August, 2011).*

Papesh, M. H. & Goldinger, S. D. (2011). The own-race bias in face perception: The role of cognitive demand. *Paper presented at the 5th International Conference on Memory, York, England (July, 2011).*

- Papesh, M. H. & Goldinger, S.D.** (2010). The eyes have it: Recollection from episodic memory as a fast, automatic process. *Poster presented at the 15th World Congress of Psychophysiology Meeting in Budapest, Hungary (September, 2010).*
- Goldinger, S.D. & **Papesh, M. H.** (2009). Pupil dilation as an index of cognitive effort. *Poster presented at the Annual Meeting of the Society for Psychophysiological Research in Berlin, Germany (October, 2009).*
- Papesh, M. H. & Goldinger, S.D.** (2009). Exploring specificity effects in compound audio-visual memory. *Poster presented at the European Society for Cognitive Psychology conference in Krakow, Poland (September, 2009).*
- Papesh, M. H. & Goldinger, S. D.** (2008). Deficits in other-race face recognition: No evidence for encoding-based effects. *Poster presented at the Experimental Psychology Society conference at The University of Liverpool (April, 2008).*

DOMESTIC PRESENTATIONS

- *Guevara Pinto, J. D., **Papesh, M. H.**, & **Johnson, A-K. (2017). From mouth to mouse: Mouse-trajectories reveal early voice-specificity effects. *Paper presented at the Annual Meeting of the Southeastern Psychological Association in Atlanta, GA (March 2017).*
- *Heisick, L. L. & **Papesh, M. H.** (2017). Parts versus whole: How does processing bias influence face matching? *Paper presented at the Annual Meeting of the Southeastern Psychological Association in Atlanta, GA (March, 2017).*
- *Acklin, D. M. & **Papesh, M. H.** (2017). The role of distractor salience in goal-directed action. *Paper presented at the Annual Meeting of the Southeastern Psychological Association in Atlanta, GA (March, 2017).*
- *Guevara Pinto, J. D. & **Papesh, M. H.** (2016). The low-prevalence effect transfers to other tasks. *Poster presented at the Annual Meeting of the Psychonomic Society in Boston, MA (November, 2016).*
- Hout, M. C., Lopez, A., Robbins, A., & **Papesh, M. H.** (2016). Expertise fine-tunes mental representations of targets during challenging visual search. *Poster presented at the Annual Meeting of the Psychonomic Society in Boston, MA (November, 2016).*
- *Moen, K. M., *Guevara Pinto, J. D., **Papesh, M. H.**, & Beck, M. R. (2016). Directed forgetting in visual working memory: Detoured, not lost. *Paper presented at the annual Object Perception, Attention, and Memory (OPAM) Conference in Boston, MA (November, 2016).*

- *Heisick, L. L., **Warner, K. M, & **Papesh, M. H.** (2016). The persistence of the low-prevalence effect in unfamiliar face-matching. *Poster presented at the Annual Meeting of the Psychonomic Society in Boston, MA (November, 2016).*
- *Acklin, D. M. & **Papesh, M. H.** (2016). Unfamiliar face matching has profound amnesia. *Poster presented at the annual Object Perception, Attention, and Memory (OPAM) Conference in Boston, MA (November, 2016).*

Steinmetz, P.N., Goldinger, S.D., **Papesh, M. H.**, & Treiman, D. (2010). Repetition enhances single neuron responses to word recollection in human anterior cingulate cortex. *Paper presented at the Annual Meeting of the Society for Neuroscience in San Diego, CA (November, 2010).*

Papesh, M. H., Goldinger, S. D., & Killeen, P. R. (2009). Different Places for Identical Faces: Perceptual Space "Shrinks" for Other Races. *Poster presented at the Annual Meeting of the Psychonomic Society in Boston, MA (November, 2009).*

Papesh, M. H. & Goldinger, S. D. (2009). Pupil-Blah-Metry: Word frequency reflected in physiology. *Paper presented at the Western Psychology Association conference in Portland, OR (April, 2009).*

Papesh, M. H. & Goldinger, S. D. (2009). Fast and frugal is fine: Evidence for the recognition heuristic in city-size judgments. *Poster presented at the Western Psychology Association conference in Portland, OR (April, 2009).*

Papesh, M. H. & Goldinger, S. D. (2008) Pupil-blah-metry: Word frequency reflected in cognitive effort. *Poster presented at the Annual Meeting of the Psychonomic Society in Chicago, IL (November, 2008).*

TEACHING AND MENTORING

Note: The "mean evaluation score" scale for LSU ranges from 1 (poor) to 5 (superior).

Physiological Psychology (PSYC 4034, Louisiana State University). *This is an upper-division Psychology course focused the neurobiological bases of human behavior.*

Spring 2017 130 Students

Mean Evaluation Score: 4.73

Memory & Forgetting (PSYC 4033, Louisiana State University). *This is an upper-division Psychology course focused on fostering a deeper understanding of human memory systems, phenomena, and theory.*

Fall 2012 60 Students

Mean Evaluation Score: 4.75

Spring 2013 98 Students

Mean Evaluation Score: 4.76

Fall 2013 110 Students

Mean Evaluation Score: 4.73

Spring 2014 136 Students

Mean Evaluation Score: 4.77

Fall 2014 93 Students

Mean Evaluation Score: 4.88

Fall 2016 130 Students

Mean Evaluation Score: 4.89

Spring 2017 75 Students

Mean Evaluation Score: 4.81

Fall 2017 98 Students

Mean Evaluation Score: IP

Oculomotor Measures of Cognition (PSYC 7938, Louisiana State University). *This is a seminar course in which students learn to both use and critically evaluate eye-tracking in cognitive science. Students also learn to write in ‘grant-speak’ by producing the student sections of an NRSA F-mechanism proposal.*

Fall 2015 13 Students Mean Evaluation Score: 4.63

Biological Bases of Behavior (PSYC 7034, Louisiana State University). *This is a graduate-level course required for all Psychology graduate students focused on the neurobiological underpinnings of human behavior.*

Spring 2015 20 Students Mean Evaluation Score: 4.89

Cognition (PSYC 3030, Louisiana State University). *This is an upper-division Psychology course focused on broad topics in cognition, including attention/perception, memory systems, language, and reasoning/decision-making.*

Fall 2012 50 Students Mean Evaluation Score: 4.83
Spring 2013 60 Students Mean Evaluation Score: 4.82
Fall 2013 71 Students Mean Evaluation Score: 4.66

Memory and Cognition (PSY 324, Arizona State University). *This is an upper-division Psychology course focused on broad topics in cognition, including attention/perception, memory systems, language, and reasoning/decision-making.*

Fall, 2010 50 Students Mean Evaluation Score: 1.17[†]

Experimental Psychology (PSY 390, Arizona State University). *This is an upper-division, advanced methods course, in which students are taught (and required) to design, implement, analyze, and present the results of a unique experiment.*

Fall 2009 24 Students Mean Evaluation Score: 1.20[†]

[†]Note: For ASU, the “mean evaluation score” ranges from 1 (superior) to 5 (poor).

PGS 399/PSYC 2999. *This is a “research experience” course. No course evaluations are given*

- As of June, 2017, 61 students have been supervised

PGS 499/PSYC 4999. *This is an advanced research experience course. No course evaluations are given.*

- As of June, 2017, 42 students have been supervised

Student Supervision and Committee Membership:

Dissertation Committees (Member):

- Rebecca Goldstein, Louisiana State University (2016)
- Rebecca Horn, Louisiana State University (2014)

General Exams Committees (Chair):

- Dina Acklin, Louisiana State University (2016, 2017)

General Exams Committees (Member):

- Katherine Moen, Louisiana State University (2017)
- Kacie Mennie, Louisiana State University (IP)
- Daniella Cash, Louisiana State University (IP)
- Rebecca Goldstein, Louisiana State University (2014)

Master's Committees (Chair):

- Laura L. Heisick, Louisiana State University (2016)
- Juan D. Guevara-Pinto, Louisiana State University (2016)

Master's Committees (Member):

- Casey Phifer, Arizona State University (IP)
- Bryan Franks, Louisiana State University (2014)
- Dillon Cornett, Louisiana State University (2014)

Intermediate Project Supervisor:

- Kacie Mennie, Louisiana State University (2016-2017)
Project Title: Word memory under emotional arousal
- Ian Comeaux, Louisiana State University (2016-2017)
Project Title: Exploring the saccade induced cognitive enhancement effect
- Dina Acklin, Louisiana State University (2015)
Project Title: RSVP Reading and Working Memory
- Joseph Harris, Louisiana State University (2014)
Project Title: Context variability in recognition memory

Honor's Theses Supervised:

- Madeline Walker, Louisiana State University (IP)
Project Title: The impact of value-directed remembering on prospective person memory
- Kayla (Mckenzie) Chutz, Louisiana State University (2017)
Project Title: The influence of photo perspective on event memory
- Karyn Warner, Louisiana State University (2014- 2016)
Project Title: The effect of salience on unfamiliar face matching
- Laura Siqueiros, Louisiana State University (2014- 2016)
Project Title: A multidimensional scaling analysis of the own-race bias for voices
- Brittany Martin, Louisiana State University (2014-2015)
Project Title: The dynamics of memory: Using mouse-movements to test single- and dual-process theories
- Laura Heisick, Louisiana State University (2013-2014)
Project Title: Believe the lie: Source monitoring errors for repeated lies

- Anne Kuni, Arizona State University (2010-2011)
Project Title: What is the nature of anti-survival processing?
